

- The Break'n Rake is the only glass tool on the market made for breaching both traditional windows and laminated safety glass.
- Full Hardened Steel Heads 63-HRC Hardness Rockwell C-Scale.
- The special design of the tool head allows the tool to easily penetrate all types of glass.
- Once penetration of the glass is achieved, the elongated teeth and the "D" Ring shaped rubber grip handle allows the operator to create openings in laminated security glass quickly and efficiently.
- Both standard and Extended length Break'n Rakes are available.
- The saw function can clear away all glass fragments for a safe entry through a window.

Product information	
Prod Nr	50336
Prod Name	Break'n Rake Standard
HS code	8205598000
Nato stock nr	
Mateial	Hydraulic Pipe Steel Shaft with Carbonized Full Hardened steel Alloy
Color	Powder Coated Black Body with Steel Silver Head

Product dimension	
Length	1265 mm
Weight	3.75 kg
Package dimension	
Length	1350 mm
Width	200 mm
Height	90 mm
Weight	4.65 kg

- 1. Stroke lace
- 2. Saw function
- 3. D-handle/hand protection
